Unscramble the scrambled lines, then fill in  
the missing words that rhyme. They're in the trees.

God made Adam out of clay,  
all the animals he And made \_\_\_\_\_  
In the very same \_\_\_\_\_;  
He put them in a garden,  
life new with Buzzing \_\_\_\_\_;  
But Adam said, "I'm lonely, God,  
I think I need a \_\_\_\_\_."

So God made Adam slumber,  
So deep he didn't \_\_\_\_\_;  
a rib Adam's side from took he \_\_\_\_\_,  
And made for him a \_\_\_\_\_.  
God really had to make her  
To complete his perfect \_\_\_\_\_:  
A human image of himself,  
A woman and a \_\_\_\_\_.

Adam and Eve named all the animals they found. We still name creatures when we discover new ones.

*Find all the animals and give them names. You can call them what they are (dog, cat, etc.), give them proper names (Fred, Carol), or make up new ones.*
